

Preserving Our Values for the Next Generation

Unimaginable Change

You know about the state of our nation.

Day after day, freedoms are taken from us. The words, and even the reputations, of our Founding Fathers are being twisted.

The concepts of life, liberty and the pursuit of happiness have morphed into something working to silence and bind us.

What's more is that our nation is experiencing an erosion of family values, the desecration of morality—and most of all, the increasing dominance of socialist and communist factors in our government and broader society.

Our great nation, with its ideals of individual liberty and the freedom to build our own lives, is becoming “free” in name only and slowly being dragged down by the specter of communism.

At this rate, our grandchildren may grow up in a country that's far different from the America we knew.

An Antidote

This potential future worries us. But it also drives us to work harder—because our work here at The Epoch Times is part of this poison's antidote.

Our society's demoralization comes down to one source: communist ideology in its myriad forms and with its ultimate goal of destroying human morality. When we as Americans clearly see and heartily reject this evil force, we can win this battle.

Massive Challenges

For months, Americans faced the threat of the Chinese Communist Party (CCP) Virus. More

than 100,000 Americans lost their lives, while millions more lost their livelihoods. In a matter of weeks, our booming economy took a massive hit.

And before we were able to recover, the communist-extremist group Antifa took advantage of civil unrest. They began to incite violence, burning homes and small businesses across dozens of cities. These extremist movements now call for radical changes to America's legal system— including abolishing the police.

The Root Cause

These happenings remind us that communism did not disappear with the fall of the Soviet Union. It's still alive today, and its aim is to silence people, crush our spirits and destroy the traditional values of our human society.

Despite having taken on different forms throughout the past century, communism's destructive nature never changes. Communism is a poison which aims to snuff out the best parts of humanity using any and all tactics: the ends always justify the means.

The Epoch Way

We've lived through this before. Many of us here at The Epoch Times have been victims of communism and have witnessed firsthand how fear and ignorance are manipulated—turning good, decent people into willing slaves.

Our motto is “Truth and Tradition,” the opposite of communist thought. From our founding, we've stood against the lies, deceit and rejection of humankind's collective history that communism foment.

A Bumpy Road

In 2000, soon after we began publishing, the Chinese Communist Party arrested, jailed and tortured 10 of our China-based journalists.

Over the years, our journalists have been shot at, threatened and imprisoned. Our offices have been robbed and even set on fire. They keep trying to silence us, but we will never be silenced.

Our journalists have the courage and fortitude to investigate and report stories that most media won't. And because we call into question the “established” narratives when facts don't seem to line up, we've been further attacked, demonetized and de-platformed by some giant tech companies, legacy news outlets and service providers.

So what we're doing is not simply reporting stories or conducting investigations.

We are holding the line.

And it's working. Despite major resistance, we've become the fastest-growing newspaper in the United States.
